WASHINGTON, June 19, 2014– Bellisio Foods, Inc., a Jackson, Ohio, establishment, is recalling approximately 12,180 pounds of a Thai Kitchen Chicken Pad Thai frozen entrée product due to misbranding and an undeclared allergen, the U.S. Department of Agriculture's Food Safety and Inspection Service (FSIS) announced today. The product contains soy protein isolate, a known allergen, which is not declared on the product label.

The following product is subject to recall:

- 10-oz. packages, 8 per case of "Thai Kitchen Chicken Pad Thai frozen entrée with "SELL BY SEP 30 15" date and case code "xxxx09841078" or with "SELL BY OCT 17 15" date and case code "xxxx11541078"

The product was produced on April 8 and April 25, 2014. The product bears the establishment number "P-18297" inside the USDA mark of inspection. The product was distributed to retail stores nationwide.

The problem was discovered by the company when they conducted a label review and found that all the sub-ingredients of the Chicken Pad Thai were not listed on the packaging labels.

FSIS and the company have received no reports of adverse reactions due to consumption of these products. Anyone concerned about a reaction should contact a healthcare provider.

FSIS routinely conducts recall effectiveness checks to ensure that steps are taken to make certain that the product is no longer available to consumers. When available, the retail distribution list(s) will be posted on the FSIS website at: <http://www.fsis.usda.gov/recalls>.
